

Greetings!

Here is the latest news....

We are temporarily taking our NSEV Healing Clinic and Orion Herb shop online. Our physical location, both the clinic and herb shop, will be closed.

We are committed to continue serving your health and healing needs, remotely, in the most effective and robust way possible.

Effective Monday March 23, 2020 our practitioners will be offering telemedicine appointments and healing sessions online. Call Sofi at the usual clinic number, 305-532-0777 for details and appointments.

Orion Herbs remains open for business without interruption. Call Samantha or Kefira at the usual number 305-672-3901. Orders will be shipped for next day service or if you are local you may choose our same day safety first delivery service. There will be no pickup available at the herb shop.

We have started a Corona Virus resource page. We will be updating this page on a daily basis. Check it out to see some wonderful resources, previously recorded events and schedule of upcoming events.

We made this decision in consultation with our very trusted experts and with the best interests of our patients, staff, family, friends and community in mind.

We are in a “new normal” and we intend to navigate this challenging time with as much clarity, creativity, humanity, compassion and spirit possible. We will adapt and continue to serve! We welcome your ideas and feedback as to how we may best continue to do so!

We look forward to seeing and serving you online.

Yours in safety and in health,

Daniel Atchison-Nevel, A.P.

Natalie Gardiner M.D.

Jeffrey Prol A.P.

Shiva Schiff D.C.

Shweta Oza Ph.D.
